

# **GHA Player Pathway Report**

## **March 2024**

James Doughty & Helen Jefferies

### **2023 - 2024 Season**

- Training and matches have been proceeding as planned with matches at home v Devon and Herefordshire in February and v several counties in Bristol in March. The final matches are scheduled for April.
- The coaching team is pretty stable and we have a number of younger coaches coming through - the schedule for next season is now 80% complete.
- U15-U17 squads have done some more joint training with Stourport Talent Academy and the end of season matches take place against the TA on 18 and 25 March.
- The U12 Development Centre nomination forms went out in February. As of 13 March we have had 70 nominations (XX Boys and YY Girls). These 2 sessions are to introduce players to the county environment and help them decide whether they want to attend trials in September

### **2023 - 2024 Season Finances**

We are still on track to make a small surplus this season (less than £2k)

### **2024 - 2025 Season Finances**

We will follow a similar structure next season and expect the finances to generate a small surplus similar to the surplus from this season
